August 2021

The United Way of Greater Lima (UWGL) is pleased to share with you the results of the 2021 Salary Survey that was conducted earlier this summer. Thanks to all of you who participated. We love our partnerships that prove we are truly better together!

As promised, the information you provided was treated with utmost care so that confidentiality could be maintained. As you flip through the pages, please note that for some positions, the budget categories were combined to maintain confidentiality in the situations where we only had one respondent in a category.

As you know, our survey should not be your only resource for making important decisions regarding employee compensation. It should also not be construed as a wage recommendation from UWGL. Knowing that the information collected for this UWGL-Allen County Salary Survey was a small sample, we are also providing some additional resources at the end of this packet for you to investigate.

The majority of participants recommended that United Way of Greater Lima repeat a salary survey every three years. As you study the results, if you have additional suggestions for making the survey more useful or easier to complete, please send me an email with your recommendation.

Thank you again for your continued partnership. We greatly appreciate all you do for the community.

Sincerely,

Derek Stemen | President & CEO
United Way of Greater Lima
